GitHub: <https://github.com/elohim40>, **Linkedin:** www.linkedin.com/in/emma-soft-40599613a
Address: 23411, Kampala, Uganda
Gender: Male

Profile

Junior software developer with full-stack capabilities using python Django for back-end, PostgreSQL for the database, JavaScript, HTML and CSS for the front-end and GIT for version control.

I've worked on a few projects like my portfolio website which as of now is an outstanding complete project.

I'm currently working on a project that looks to change the way we present our portfolio, making them more interactive and cognitive

Work Experience

- 2024 Built portfolio website

Prior to my developer career, I also worked in several other IT fields in different capacities.

- 2022-to-date, IT officer at emasoft IT consultancy
- Sep 2019-2021, Field Agent at Airtel Uganda majoring in the Installation of Airtel 4G Broadband covering the areas of Mukono and the surrounding districts
- October 2021, Co-built Office LAN for Flex consultancy which inter connected all their office computer hardware and other peripherals in their 14 offices at the company premises
- November 2019, Built Home LAN and Installed home security system at Mr. Paul's residence
- Jan 2020-2020, Commissions Agent at Posta Uganda
